What is the difference in a Traditional Tournament and a 'DUALS' Tournament?

A Traditional Tournament is kind of like a Track meet, where competitors compete in their own individual events, and score points if they place. Those points are tallied up at the end of the meet, and a Team Champion is crowned by which team accumulated the most points. A Traditional Tournament is the same.

A 'DUALS' Tournament is where two teams, competing as full 14-man teams, compete against another full team at one time. With 14 weight classes represented from each team in these weight categories:

106, 113, 120, 126, 132, 138, 145, 152, 160, 170, 182, 195, 220, and 285

During each of the 14 different bouts, wrestlers score points for the overall **Team Score** which is kept throughout the duration of the 'dual'. Wrestlers can win by pin (6 points); by forfeit (6 points); by technical fall (5 points); by major decision (4 points); or by minor decision (3 points).
